

## Addresses and maps legend

There are some addresses below that may be useful. Numbers correspond to legend on the maps.

I have used three colours:

- light green joins faculty building, hotel, hostel and canteen.
- light red shows way from railway station to the faculty building
- light blue is way from faculty building to the main square (pol. "rynek") and old town (pol. "stare miasto")

The distance from railway station to faculty building is not far. It takes 20 minutes on foot and 5 min. by taxi.

Distance between faculty building, hotel, hostel and canteen is 5 min. on foot.
